

```
pf::bases::cf_filter  
< dimstate, dimobs, float_t >
```

A diagram showing a vertical relationship between two C++ class templates. At the bottom is a grey-shaded box containing the text 'pf::filters::hmm< dimstate, dimobs, float_t, debug >'. A blue arrow points upwards from the top center of this box to the bottom center of a white box above it. The white box contains the text 'pf::bases::cf_filter< dimstate, dimobs, float_t >'. This indicates that 'pf::filters::hmm' inherits from 'pf::bases::cf_filter'.

```
pf::filters::hmm< dimstate,  
dimobs, float_t, debug >
```
